

How to add an email account to your Blackberry with BIS

Step 1:

Click menu button and select "Open Tray"

Step 2:

Scroll to the "Setup" icon and click.

Step 3:

Scroll to "Email Accounts" and click

Step 4:

Select "Internet Mail Account" (do not select Enterprise Account) and click

Step 5:

Select “add an email account” or “setup another email account “and click

Step 6:

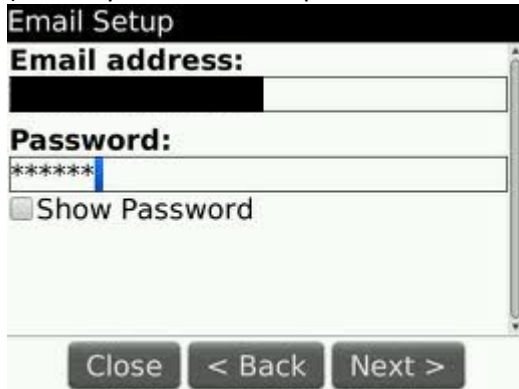

Scroll down to “Other” and click

Step 7:

Enter your email address and password and click “continue” or “next”

(You may tick the “show password” box to confirm that you have typed the password correctly)

Step 8: Setup Complete

You should receive an activation confirmation email once the account is connected.
